TOSHIBA

Unveil a whole new way to look at color.

TOSHIBA

Introducing the ColorEnhanced e-STUDIO Series.

e-STUDIO3511/4511
Making business brighter

Finally,

the economy of black & white

and the impact of **color.**

Add color to black & white presentations for a more professional look and to call attention to important items.

Take advantage of color without sacrificing expected multifunction features like copying, scanning, printing, faxing and finishing.

Enjoy a cost per copy for black & white printing that is consistent with the cost per copy on monochrome multifunction machines.

Toshiba presents yet another technological breakthrough—the **ColorEnhanced e-STUDIO3511/4511 Series**. This impressive multifunction series offers you economy, high productivity and high quality, just like you'd expect from **Toshiba**. What you might not expect is the added convenience of color – **brilliant**, full-color printing, copying and scanning.

"People were asking for the benefits of color without sacrificing the economy of a black & white machine. We developed the e-STUDIO3511/4511 Series to meet that demand."

e-STUDIO3511/4511

The new ColorEnhanced e-STUDIO3511/4511 Series produces crisp, clear black & white output at the rate of 35 and 45 pages per minute (respectively) and eye-catching color at 11 pages per minute. The benefits of black & white along with color are combined to save time, money and effort while increasing the impact and effectiveness of documents.

Net-ready single board architecture provides out-of-the box network connectivity along with copy, print, scan, and color capabilities.

Tilting wide-touch control panel with Qwerty Key Board and large buttons is designed for ease of use and is Section 508 compliant.

Utilize standard e-filing to store and merge copied, printed, faxed and scanned documents with a web-based interface.

Enjoy Standard Scan-to-Email, Standard Internet Faxing, Optional Super Group G3 Faxing.

Economy, productivity and image quality are combined with convenience, versatility and reliability. Only from Toshiba.

We're making business **brighter.**

More and more businesses want the added benefits of color, but are concerned about the cost. Toshiba's ColorEnhanced printing provides an economical and timesaving alternative to buying a separate black & white machine and color printer, or using expensive outsourcing. The e-STUDIO3511/4511 Series is a connectable black & white multifunction system perfect for internal communications, proposals, spreadsheets, graphs and presentations. Affordable, high quality output can work even harder and command more attention with color in places that require special emphasis.

Brilliant technology shared by all.

The e-STUDIO3511/4511 Series includes net-ready single board architecture that incorporates e-Bridge technology. The combination of out-of-the-box network connectivity as well as color and black & white copying, printing, and scanning make this new technology revolutionary. Optional features include walk-up fax capabilities and wireless configurations.

The e-STUDIO3511/4511 Series with e-Bridge offers cost competitiveness in networked configurations using All-In-One architecture.

The e-STUDIO3511/4511 Series. The economy of black & white, the impact of color, and the convenience of standard network connectivity.

Smaller offices as well as larger offices with multiple workgroups can benefit from convenience color.

All-In-One, net ready architecture is cost-effective, including standard color copy, print, and scan capabilities.

Network connectivity is simple with a standard 10/100BaseT NIC and optional 802.11b wireless.

Internet access is fast and easy with standard internet printing, scan-to-email, and internet fax.

Fast warm-up time of just 40 seconds saves valuable time using Toshiba's unique fusing technology.

Versatile finishing and booklet-making features include sheet insertion, multi-position stapling, hole punch and saddle-stitch finishing.

An innovative revolver color development system allows for inexpensive black & white cost per copy.

Robust paper handling features include standard stackless duplexing, a large paper capacity of 3,700 sheets and up to 5 different paper sources.

A high-yield black toner cartridge saves time and money by reducing the need for replacement.

Separate black & white and color access codes help manage departmental costs.

Tilting wide-touch control panel is easy to use and 508 compliant.

A stackless ADU reduces paper consumption and operating costs.

A sleek design with inner exit tray saves space.

COPIER FEATURES

Job Interrupt
Dual Page, Edge Erase, Image Shift
Trimming/Masking
Smart Bypass
Help/Information Function
Auto Job Start, Auto Cassette Change, Auto Duplex Mode
Sheet Insertion Mode, Cover Sheet
Annotation (Data/Time Print)
Rotation Copy, Image Direction
Thick Paper Mode
Job Reservation (Scan Ahead)
Document Storage (e-FILING)
4-in-1, 8-in-1 Duplex
Color Image Adjustments
X-Y Zoom
Sort, Group, Staple (Electronic Sorting)
Auto Sort Mode, Magazine Sort

SCAN FEATURES

JPEG, TIFF and PDF File Formats
Color and B&W Scanning
Scan-to-File
Scan-to-e-FILING
Scan-to-email
Scan-to-FTP
TWAIN Compatible
Job Templates

ELECTRONIC FILING FEATURES

Public Box: 1, User Box: 200
100 Folders per Box
400 Documents per Box/Folder
200 Pages per Document
Copy to Box, Print to Box, Scan to Box
TWAIN Driver File Downloader

FAX FEATURES (OPTIONAL)

PSTN (Public Switch Telephone Network)
Super G3 Fax
JBIG Compression
Multi Access
Double-side Printing
Dual Line Capability
Memory/Delayed/Recovery Transmission
Group Dialing (200 Groups)
Phone Book (1,000 Stations)

ISO 9000 AND ISO 14000 SERIES CERTIFICATIONS

These highly acclaimed certifications are recognized worldwide as measures of top quality and environmental management excellence. They are awarded to manufacturers for facilities and practices meeting strict standards set by the Geneva based International Standardization Organization. To date, four copier sales affiliates and four Toshiba TEC manufacturing facilities where copiers, accessories, supplies and parts are produced have received ISO 9000 series certification, while one copier sales affiliate and four Toshiba TEC manufacturing facilities have received ISO 14000 series certification — even more reasons to count on Toshiba.

FEATURES

Single Board All-In-One Architecture
Top Access Web Based Device, Job Status, and Management Utility
Copy, Print, Scan, Color and Network Connectivity
Electronic Filing (e-FILING)
Tilting Wide Touch Control Panel
Versatile Paper Handling Options
35/45 Pages Per Minute B&W
11 Pages Per Minute Color
2400 dpi x 600 dpi B&W, 1200 dpi x 600 dpi Color*
Induction Heating (IH) Fuser Technology with Low Temperature Fusing Toner
Stackless Automatic Duplexing Unit
Internet Fax
Email notification for PM, Service Call, Counters and Automatic Supply Ordering
Department Code Enforcement
Access Limitations for B&W and Color Access

PRINTER FEATURES

10/100BaseT Ethernet Interface
Private, Proof, Scheduled and Stored Print
Staple, Saddle-Stitch, Hole Punch, Duplex
Mixed Paper Sizes
Cover Sheets and Sheet Insertion
Layout/Editing
Overlay, Watermarks
Magazine Sort (Booklet Mode)
Black/Color Mixed Printing
Wireless 802.11b LAN Adapter (Optional)
