

DR-3020 Specifications

Type	Desktop type monochrome scanner
Document feeding	Automatic or manual sheet feeding
Document size	Width: 55mm - 257mm (2.2" - 10.1") Length: 70mm - 364mm (2.8" - 14.3")
Document thickness	Automatic feeding: 0.06mm - 0.15mm Manual feeding: 0.05mm - 0.20mm
Automatic feeding capacity	Maximum stack height: 10mm (0.4")
Scanning element	Contact sensor
Light source	LED
Scanning modes	300dpi x 300dpi - Simplex/Duplex - Text mode/Photo mode 300dpi x 150dpi - Simplex/Duplex - Text mode/Photo mode 200dpi x 200dpi - Simplex/Duplex - Text mode/Photo mode
Scanning speeds	20ppm (300dpi x 300dpi - Simplex) 40ppm (300dpi x 150dpi - Simplex) 30ppm (200dpi x 200dpi - Simplex) 22ipm (300dpi x 300dpi - Duplex) 44ipm (300dpi x 150dpi - Duplex) 40ipm (200dpi x 200dpi - Duplex)
Data compression	MH, MR, MMR, or none
Interface	SCSI-II
Other functions	Automatic paper size detection Automatic paper thickness adjustment
Power requirements	AC 100V - 120V, 50Hz/60Hz AC 220V - 240V, 50Hz/60Hz
Power consumption	(Max.) 50W
Operating environment	10°C - 32.5°C, 20% - 80% RH
Dimensions (W x D x H)	362mm x 336mm x 196mm (14.3" x 23.4" x 7.7")
Weight	Approx. 10.5kg (23.1lbs.)
Optionals	Endorser ED500, LED/Sensor Unit

DR-3020N

Produce high quality scans of business forms printed on non-carbon, pressure-sensitive paper in addition to documents printed on standard paper stock.

The Compact Solution to High Quality Document Scanning

As digital conversion of paper documents becomes an essential workplace procedure, you'll find an uncompromising ally in the Canon DR-3020 - a versatile desktop scanner promising great results for all your high-volume, office scanning needs.

Excellent speed and precision

When you need to scan a pile of documents in a hurry, there's no beating the DR-3020's smooth operation! Simply stack as many as 100 sheets onto the feeder tray, let automatic paper size detection do its job, and scan up to 40 pages per minute - or 22 pages using the two-sided scanning mode! The DR-3020's automatic paper feeding is exceptionally accurate, ensuring that your work progresses with no interruptions - whether you're scanning B4-size paper, letters, forms, or business cards.

A variety of easy-to-use modes

The DR-3020's Text Mode is perfect for character-based documents, while its Photo Mode delivers optimal scans of materials incorporating photos or graphic representations. Image capture in either mode can be made at resolutions of up to 300dpi x 300dpi, plus the DR-3020's duplexing capability offers simultaneous two-sided scans of documents containing information on both sides of the page. All this versatility comes with no extra hassles - just place the appropriate Function Sheet on top of your stack, and the DR-3020 adjusts its operations automatically!

Remarkably compact design

Document management from within your PC network is simply the most practical way to deal with an incessant deluge of paper documents. And with the Canon DR-3020, not only do you dramatically reduce paper circulation in your office, but you get all the necessary scanning power in an extremely compact unit as well. High-volume digital document conversion begins with just this one convenient scanner that fits comfortably on any desktop!

System-friendly operation

In order to maximize its role in your office network, the Canon DR-3020 supports both TWAIN and ISIS drivers for use with an extensive range of application software. The DR-3020 can also be used in tandem with the Canofile for Windows software package, to create a complete image filing system for scanning, searching, and retrieving PC-archived documents! A built-in SCSI interface makes connection to your system as effortless as possible.

Options for even greater functionality

The Canon Endorser ED500

Infinitely practical for banking applications, the Canon Endorser ED500 can be used to endorse everything for checks to A4 /Letter-size papers. Dates, serial numbers, and other data are reliably printed on every scanned document, and a

movable stamp allows for precise positioning of endorsements. Installation with the DR-3020 is quick and easy, requiring absolutely no extra cable connections.

Vastly improved OCR scanning

Optical Character Recognition is an indispensable tool in the digital workplace, supplying content to applications as diverse as word-processing, spreadsheets, and translation programs. To promote more accurate OCR scanning of customer/client information into your database, the DR-3020 can be matched with an optional LED/Sensor Unit that automatically filters out any red lines and areas found on application forms and other fill-'em-out documentation.

Meet the specialist for non-carbon, pressure-sensitive paper!

If your business involves the day-to-day handling of forms printed on non-carbon, pressure-sensitive paper, then the DR-3020N is exactly the scanner you're looking for. Outfitted with special silicon rollers and an auto-lock lever, the DR-3020N offers expert handling of document such as vouchers, invoices, and order forms - and includes all the benefits of the standard DR-3020! The DR-3020N's innovative design guarantees to lessen both the time and trouble of scanning business forms for PC-based document management purposes.
